Thanksgiving Clothing Drive

The annual Bishops' Thanksgiving Clothing Collection continues to be one of the more effective means for our people to reach out to the deprived of the third world.

Last year, according to Catholic Relief Services officials, 37 million articles of apparel, blankets, etc., valued at $22.5 million dollars, were collected. Distribution of these items was made in 48 countries overseas, with particular emphasis on the refugee population in Southeast Asia. This collection also permits CRS to maintain a "disaster reserve" - 500 tons of clothing and blankets ready to meet an emergency situation.

The clothing collection is scheduled to begin in all churches on November 22 and continue through December 1. The emphasis is still on clean and wearable **lightweight** clothing; however, since we do have a White Elephant Sale each First Saturday monthly, and we will be needing winter clothing for our Vietnamese family, we are asking for any clothes that are in good, usable condition. Please do not send clothing that needs to be sewn as we do not have personnel to serve in that capacity. Also, clothes that are completely worn out should be labeled for rags so they can be sold as such and not mixed in with the general clothes reserve. The more you do to have sorted these clothes, the less time it takes the few members of our parish who package these items each year. They will appreciate your help with clothes sorting on Saturday, December 6, from 10:00 A.M. until all has been sorted and packaged. Please begin now to set aside the items you will be donating. The drop-off room will be in the old end of the school building, not the church hall or doorways of church. We would like to have all items in the same place for convenience.

Anniversaries To Be Celebrated

On January 18 at the 11:00 A.M. Mass, we will be celebrating the 25th, 40th, 50th and 60th anniversaries for 1976. In order to have this celebration, we must know who the celebrants will be. We are asking those of you who will be celebrating to let us know so that advance preparations can be begun. Please call Eileen Tardiff at 482-1145 as soon as possible. We have many couples who are anxious to celebrate as they have already called Eileen. Don't miss this opportunity to celebrate together.

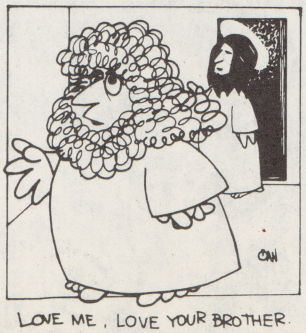
Waiting for Spring

Mr. & Mrs. Albert Scafasci spent a summerlike November afternoon last week planting 500 spring flower bulbs at our parish shrine located across from the church. As you know, several parishioners donated many hours this past Spring re-landscaping the shrine grounds, repairing sidewalks, etc. By this next Spring, the corner lot on Cross and Hamilton should be a fitting tribute to Our Lady, Queen of Peace. Many thanks.

Fr. Harvey



Attention: High School Students and Parents

If you are not now attending religious education classes because it is impossible for you to come during released time or after school, please note the following.

Students who would commit themselves to a Tuesday evening class can notify us. **We will act on this for your convenience after you tell us of your desire and willingness to come on Tuesday evenings from 7:00-8:30 P.M.**

Complete and return the following form to the Center.

The above information indicates that I am asking the parish to open another section for high school religious education which I intend to attend.

A letter to St. John's Sisters from members of their community working on farms in California:

Delano, California
September 26, 1975

Dear Sisters,

This letter comes to you as a greeting, an explanation, and a plea. We are presently stationed at the United Farm Workers' office in Delano, and for a while this will be the hub of the field activities related to the farm labor elections.

It would be better, of course, if you could see first-hand what is happening here, but since that's not possible, perhaps this will suffice.

We have very serious concern about the entire election process because it looks as though history is destined to be repeated - farm-workers will once again be denied their basic human rights.

The extent of the present problem can be indicated by comparing what the law intends to happen and what is actually taking place. (**It is important to keep in mind that the Teamsters' Union, because of its position with the growers, has constant access to all the workers and worker information, as well as grower property statistics. The UFW has no such information or access, except as the grower allows it.)

THE LAW SAYS/INTENDS---	THE ACTUAL PRACTICE IS---
1. In order to organize for elections, union representatives may talk with workers before work, during lunch, and at break time.	1. UFW representatives are denied access to the fields and are arrested for trespassing during times when the law allows them contact with workers. Teamster representatives enter the fields and stop work during the day, talk to entire crews, and force them to sign cards.
2. The growers shall furnish work force information helpful for union reps. This is to include an accurate list of current employees.	2. Growers neglect to indicate all their properties, and, at a very late date, release the names of additional fields under their ownership. This delay allows no time for UFW reps to speak with workers in the additional fields. Falsely inflated payroll lists are released from company offices. This insures that a great deal of time will be spent fruitlessly, looking for people who do not exist.
3. No workers will be hired or fired within the week prior to a an election, and no recrimination will be brought against a worker who favors a particular union.	3. Workers are fired after they have declared themselves for the UFW - but before the election takes place. Entire crews are laid off immediately prior to an election, and they are replaced with new workers who have not been contacted by UFW reps.

THE LAW SAYS/INTENDS---	THE ACTUAL PRACTICE IS---
4. No intimidation may be used to coerce a worker into joining a union, or preventing him from doing so.	4. Company representatives with knives, sticks, guns, and/or dogs have directly threatened farmworkers with physical harm and even death if they vote for the UFW. People have been beaten and run off the camps in which they live.
5. Elections are to be free, secret, fair.	5. Workers have been told which way to vote. Sometimes workers can get to the polls only by going through rows of armed, company security guards.
6. Unions and growers shall arrive at mutually agreeable election procedures.	6. Election times and places are predetermined by the growers/ Teamsters, at times and in places which create extraordinary hardships for the farm-workers.
7. Elections will be held in a neutral place.	7. As of this date, all elections have been on company property, often in the labor camp controlled by the grower.
8. Only agricultural workers may vote.	8. Growers/Teamsters have brought in company secretaries, security guards, and other non-farmworkers to vote.
9. Ballots are to be counted under authorized supervision, in a neutral place.	9. Ballots are "misplaced,", "lost" (one set went to Lake Tahoe in the trunk of a company car - the employee "forgot" he had them...), and when the ballots show up days later, the Teamsters Union is invariably the victor.

Sisters, the above information covers only a very small portion of the incidents recorded since the elections began, and every case has been amply documented by the legal staff. The resulting litigation will tie up the union and its legal department for years to come. This, of course, serves to further dissipate the energy which could better be spent on the elections and contracts. I realize that these charges sound unbelievable, but I assure you, they are accurate.

As it has been in the past, so it holds true now that you are very important in the lives of the farmworkers. The success of the drive for contracts and better conditions in the fields depends on the combined efforts of the workers and their supporters. We will be successful here in California only if you continue to boycott non-UFW grapes, lettuce and Gallo wines in all other parts of the country. The growers will not allow free elections voluntarily, even when the law mandates them. They will not negotiate fair contracts willingly, even when the elections are won. However, what has failed for moral reasons will succeed for economic ones.

So please, continue to do all you can to boycott grapes, lettuce and Gallo wines, and get others to do the same. Ask about the lettuce in restaurants, check the motherhouse kitchens and the facilities where you have meetings of any kind, and don't allow these foods in your own home.

We are such a powerful force for justice when we are united, and this is a situation that demands action from us. It does not matter what view of the situation each of us holds; if we eat food, we are involved in agriculture. Our action or inaction determines whether or not farmworkers will continue to be denied the rights we enjoy. Please do all you can to help them.

* * * * * * * * * * * * * * *

The preceding is a letter from Sister Noreen Sullivan delineating some of the continued difficulties of the UFW. Noreen has been working with the UFW in California for over a year now, and asked that this letter be circulated to all the Sisters.

Besides continuing the boycott, Sister Pat Siemen has asked that we write to the governor of California requesting that the election law be made more effective. (Pat was asked by the congregation to be a member of a religious lobby group who went directly to the fields, visited the various ranches where voting was to be held, and witness the struggle there against injustice. She is home now, and has asked that we communicate this information to you.)

Although the state of California is to be commended for implementing the law so quickly, there is much to be done to make that implementation more just. We are asked to request the Governor to remove Walter Kintz from his position as general counsel of the California Agricultural Relations Board, or to ensure that elections are conducted fairly and freely, without intimidation and harrassment of workers.

Vietnamese Resettlement Update

On Monday evening, November 3, twenty members of the Committee to Resettle a Vietnamese Family in our parish met at the rectory. We have some immediate needs that we would like to share with the parish community. Our most immediate need is housing; we are searching for a residence large enough to house approximately 8 people. This could be a house or an apartment, furnished or unfurnished, the closer to St. John's the better. If you know of such a residence, please contact Mr. Barney Hughes immediately at 482-5125. We will work out the rent payments with the landlord.

Also, we are in the process of checking out employment opportunities for this family. Their use of the English language will be quite limited so this must be taken into consideration. If you would be interested in hiring a Vietnamese Refugee or know of any employment opportunities that we might investigate, please contact Michaela Dezarov at 434-3969.

These are our immediate needs, and they must be met before we can send in our application, which we have in our possession. We would also like to remind all parishioners that soon we will be in search of food, winter clothing, furniture, appliances, dishes, etc., so please don't throw away anything that is useful. **We need it.** Watch the Ypsilanti Catholic for further developments in this area. If you have any further questions, contact Fr. Jerry at the rectory. Also, thanks to the Committee for the fine cooperation we are receiving; it is most heartwarming.

Fr. Jerry

Catholic Social Services announces that all office space in Ypsilanti has been painted, but now there is a need of serviceable furniture which is comfortable for those who are in the waiting rooms and for the Senior Citizens who are the receptionists. Items needed are 5 table or pole lamps, 1 couch, 2 blue or green rugs (9 x 12), 2 orange, yellow, red or green rugs (8 x 10 and 6 x 9), 2 comfortable chairs with arms, 6 comfortable chairs with arms and cushion, 4 desk chairs with arms, a vacuum cleaner or Bissel. The needs are there ... perhaps someone has these items as unnecessary pieces at home and is willing to help the agency, which provides Counseling, Concrete Service Work of food, housing, emergency needs, Foster Care, Big Brother/Big Sister Program. They see clients who are in all types of situations regularly. Although the standard of service is high, they are in "poor sitting" condition! Another area that needs attention is the weekly cleaning. Perhaps there is a volunteer in the parish who would help with the dusting, vacuuming, emptying of baskets. For any of the above, contact Barbara McGuire at 484-1260. She will be happy to hear from you.

Wanted: Community Resources Person for Appalachian Project. Morgan Scott Community Development Corporation (CDC) is a combined effort of local churches and community people in Morgan and Scott counties of northeastern Tennessee. The service commitment is for one year at $200.00 per month. It involves hard work and long hours in interviewing local people, seeking funds for the CDC, working on development reports for the two counties and working with local craft and legal groups. For further information, contact: Karen Kasmauski or Robert Lantz, Rt. 1, Box 195-G, Sunbright, Tennessee 37872, (615) 628-2832 (after 5:30 P.M.).

Things You Should Know

...We have a new stereo/radio/TV combination donated by Ron and Cathy Guidebeck for the hall. It is nice to have music during the parish functions held in the hall, and we are grateful for their thought of St. John's.

...The Babysitting room has been all cleaned, painted and improved generally by Francis and Keith Schenher during this past month. Those who use the room know that it is being decorated seasonally and that the whole atmosphere has much improved. The little ones receive cookies each week as a special treat, and we rely on the goodness of parishioners to keep us in supply. If you use the babysitting service or if you are just one of the best parish bakers and wish to donate, feel free to drop cookies off any Sunday morning. The youngsters will much appreciate your contributions throughout the year.

...You may have noticed that there are Candy Bars for sale during the Coffee and Donut hours. These are being sold by the St. Vincent de Paul group as another way of keeping you aware that they have needs to fill and to give you a taste of some very fine chocolate. We are asking for a donation of $1.00 for this luscious treat. Have you purchased a bar yet???

From the Office of Communications

(Some background on Bishop Povish to acquaint the people with him.)

All registered parishioners will be receiving an invitation from Bishop Povish to attend his installation at 7:30 P.M. on Thursday, December 11, in Lansing. The Pope's representative to the United States and Cardinal Dearden will be among those present.

* * * * * * * * *

Some of you may remember that our new Bishop wrote the question and answer column in the Catholic Weekly for many years before becoming Bishop in Crookston, Minn., in 1970.

* * * * * * * * *

Bishop Povish was the first Diocesan Director of Religious Education (C.C.D.) to become a Bishop. He brings to his new responsibilities a real knowledge of the need for strong religious education for students in public and parochial schools.

* * * * * * * * *

At a Convention in Boston the Federation of Diocesan Liturgical Commissions voted to recommend that the U.S. Bishops reconsider communion in the hand. (NC Wire)

* * * * * * * * *

A recent study by the National Opinion Research Center of Chicago says that Mass attendance has declined not because of the new liturgy. Forty-eight percent of the drop, the survey says, was due to Church's stand on birth control; 26% caused by Church's refusal to allow divorced and remarriage and 26% due to changing attitude toward Pope as head of the Church. (NC Wire Service)

Here's a different idea: Church members can make contributions, even if out of town during Sunday service, through an automated system now operating in five cities. Contributions are automatically deducted from checking account or added to credit card bill. (AP Wire)
